

# Contending For The Faith

Georgetown, Indiana  
February 00, 1956

1 Thank you, Brother Arganbright. Good evening, friends. That was quite an introduction, wasn't it? The President of the United States.

2 We're happy to be here tonight, in this auditorium here in Georgetown, Indiana. As I was coming down the road a few moments ago, it kind of brought something to my memory: One of my first healing services I ever had was in Georgetown, Indiana. And how many remembers the Wolf Grove's meeting out here, when I was out at the Wolf Grove? There's somebody's hand up back there, two or three of them, when we was out to Wolf's Grove.

3 I believe they had a little lady, lived up there in New Albany, had been thirty-five years a cripple: walked for her first time. Or was a midget? I believe it was. And never had walked.

4 Well, I've still got the same message tonight: Jesus died to save and heal. And I haven't changed it any. Since then, there has been lot of things has happened. I seen over a million souls brought to Jesus Christ. And signs and wonders around the world. Kings and monarchs and potentates have been prayed for and healed by the grace of our God. And we're very happy tonight to know that God is still God. And He doesn't change.

5 I'm happy tonight to see my friend, Dr. Cauble there. I don't know whether anyone has introduced him yet or not, from the Church of the Open Door, in Louisville. Have you been introduced, Brother Cauble? Would you stand up just a moment? I... I don't want to embarrass him, but Dr. Cauble's from the Church of the Open Door. Pretty near everybody knows him, I guess, around here, because he has a radio ministry and a very outstanding ministry.

6 And then I guess we've had some mighty fine services in Louisville, Kentucky, with Dr. Cauble. It's always a pleasure to get to have him in the meetings. Then these other ministers here, also. I suppose some of them is from the local churches. And, brethren, I

may not know you, but I'm happy you're here. And to participate in this little time of fellowship together. It's kind of a quick notice. I didn't know till day before yesterday, I believe it was, that I was coming down.

7 And Brother Arganbright, one of your boys here from the ... from the neighborhood, why, you know how he works on a spur of a moment. Just as the Spirit seems to lead him, why, he starts moving.

8 Recently I was--oh, some, six or eight months ago--I was sitting home one day. I just had. . . . fixing to go to Denver, Colorado, in a convention. And this little fellow moved into the house. He said, "Brother Branham, I have a great revelation from the Lord."

I said, "Yes, sir!"

He said, "The Lord is putting Zurich, Switzerland, on my heart to go over." Said, "You want to go with me?"

9 I said, "Well, I've got one night over at Denver, then I go to another meeting." I said, "Not too important, why?" The more I thought of it, why, it seemed to be, that if I knewed that Brother Arganbright had a revelation for something, it was good and it come from God.

10 And we went to Switzerland, and the Lord gave us fifty thousand souls. Went from there up to Karlsruhe, Germany, and He give us fifty thousand more, about. That made a hundred thousand souls in that little campaign. How He blessed us. And now we're planning this summer . . . or, early this autumn to go back into Africa, and Switzerland, India, many tours around the country.

11 I go now to Minneapolis, Minnesota, up there at some arena for the next service and then down Sioux Falls, over into Old Mexico, down to Old Mexico City, in arena there. We're coming back, going to the East Coast, and then from there to Anchorage, Alaska. Then we'll have some American meetings. We got a new tent coming, seating several thousand people and some vans, and so forth, for a few American meetings, before going back overseas.

12 We certainly solicit the prayers of you people around here. This is home folks, you know, being back home again. And we certainly appreciate your prayers. And as we come into these little inter-evangelical services, we don't come to represent any church, any denomination, any special groups of people. We only come because

we love Jesus, and know that you love Him, too. And we come into these places for a time of fellowship, to fellowship around His Word, and around His promised blessing. And that's the only motivate that we have is for these meetings.

13 And we're glad tonight to have Brother Tommy Nicholson with us, here. I'm sure he has been introduced by Brother Arganbright, which is the editor for *The Christian Men's Voice*, internationally. A group of men that I'm proud to belong to them. It's Christian businessmen who has formed their organization, and it's become an international affair. They sponsor me in most of my meetings around the world. And he's the editor of *The Christian Men's Voice*.

14 And so, we've been out today, getting some testimonies of old cases, to see whether divine healing lasts or not. We went down to Mrs. Carter. I hope they're here tonight; Georgie and Mrs. Carter. Georgie is one of the cases that was healed, I believe, around fourteen, fifteen years ago.

15 And one of your local men here, Mr. Hall, which was one of the converts of the Milltown Baptist church, where I used to pastor. And he was healed here a few years ago, of cancer; given up in Louisville, by the doctors and around the country. And he's well, here, tonight, healthy and hearty. I see him sitting present.

16 And we went over to the place where the Angel of the Lord came down and told me what to do. And now, Christian friends, on this point, we come to this thing. We do not claim that we can do any healing, as our ministers ... ministry doesn't feature divine healing, but we believe in divine healing because it's the Gospels.

17 And no man can heal anyone. Healing doesn't lay in the power of man. Healing lays in the power of God. And God doesn't give man power to heal. God only gave Christ the commission to come to the earth, to die in our stead for our sins and our sickness. The Scripture said, "He was wounded for our transgressions, with His stripes we were [*were* is a past tense], we were healed." And we believe that upon our confession of faith, that Jesus, our High Priest, has died and rose again to take away sin from the world, and is sitting at the right hand of God the Father, there making intercession upon our confession.

18 And when He died for our sins... He could not die for sins, without dying for sickness. Sickness is an attribute of sin. Now, maybe you haven't sinned is what causes you to be sick, but it was the cause of sin in the first place, that brought sickness to the world. Before we ever had any sin, we had no sickness. But when sickness came in, sin is an attribute. And now, you cannot deal with sin in any way, without dealing with sickness, or every attribute that sin produced. Sin, when we deal with sin, we deal with death. When we deal... And sickness is the first stage of death--when sickness takes your body.

19 In a night like this, one little gathering, two days' notice for you people to come out and gather in the building, tonight. It would be hard to try to go into detail, which we would in campaigns where we're lasting for weeks and weeks, to explain: what is sickness? where does it come from? There isn't nothing but what there's a reason for it and there's a cause. And you can't find the cure until you find a cause.

20 I was saying here not long ago. If I went to a doctor... I'm certainly not against doctors, surgeons, operations, hospitals, they're all God's plan. But if I went to a doctor, and told him I was having a persistent headache, and he'd give me an aspirin, and say, "Now, run along, Billy, this will be all right."

21 Now that man is brushing me off, see. A real doctor would diagnose my case and see what was wrong with me. Then he'd get to the bottom where it's at, and then start working from there. Well, now that's the way we have to work in divine healing, or in salvation for the soul. If a man comes and says that he's disturbed greatly about his salvation, the first thing to do--you ministers do--you go right down the line till you find, back here, where he side-stepped, or what happened. From there you bring it up. That's the same thing it is in divine healing. Which, divine healing is not some power that God has given to a man. Healing lays alone in the atonement.

22 I want to ask you something, 'cause I know there's ministers here from the different churches. How would you preach salvation for the soul? The only thing you could not say... We say, "Well, I was converted, Brother Branham. I was saved ten years ago. I was saved twenty years ago." No, that's a mistake. You accepted it, maybe, ten or twenty years ago, but you were saved nineteen hundred years ago, when Jesus died at Calvary. He settled the sin question forever there.

There's where He paid the supreme price, made the great sacrifice, that through His death at Calvary, then we have right to salvation. The price is paid.

23 So, it isn't what you do; it's what He done. And your personal faith has to accept that, brings your salvation. And now, He was wounded for our transgressions, with His stripes we were healed.

24 I've often made this statement, that you couldn't ... that you could not by any means.... If a serpent ... or, some animal had his paw in my side and was cutting into my side and killing me. There's no need of me trying to cut his paw off; just hit him in the head. Kill his head, it kills the whole body.

25 Well, that's the way it is with divine healing. When Jesus dealt with sickness or sin at Calvary, He had to deal with the head of it, which was sin. And doing so, He dealt with sickness with it. He didn't have to cut off the paw; He just killed the head, and it taken care of the rest of it. So, Jesus come to bring to the human race, everything that Adam's race ... Adam's sin destroyed in the garden of Eden. And now we have the attributes or the earnest of our eternal salvation as we accept Christ as our Saviour, or Christ as our healer. We have the earnest money of our entire redemption when He comes.

26 We're tempted. All of us are tempted. All of us sin. There's none without sin. Every day you sin. Paul said we had to die daily. And if we say, "We sin ... and have no sin," then the Bible says we make God to lie. And we could not do that. So, we sin daily. And it's grace, God's grace, that saves us.

27 And as we confess our wrongs, God is just to forgive them. And your confession, as long as it holds good, your salvation is perfect, same as it with divine healing. It's your personal faith in a resurrected Lord Jesus.

28 So, tonight, I thought I would just.... In having this little time of fellowship with you, in this place here where all churches can ... this little group of people can just gather together here, in the little city of Georgetown and we....

29 First, we want to be thankful to the Brother Arganbright and those who made this possible. We want to thank the school board for

letting us have this gym room, tonight, for this service. And I want to thank every minister that's here, and every member of any church, whether it is Protestant, Catholic; whether it is Orthodox, Jew, whatever it may be. We're grateful for you to be here. And want you to know that we put no strings, or no attachments on anyone's religion. Whatever you believe, as long as you believe in the Lord Jesus Christ, and He's your Saviour, you're my brother and sister. And so, that's the way we believe it.

30 And now, we have His blessed Word here before us. Now, any man that's able to pull that back with his finger, could open it this way, but there's no man can open the Book to understanding, except Christ Himself. The Bible was written by inspiration. Therefore, shall we just bow our heads a moment to speak to the Author before we open His Book?

31 Our kind Heavenly Father, we have gathered here in the name of Thy beloved Son, the Lord Jesus, who died freely for our sins and transgresses. He died that He might save us from a life of sin, and would take us home to heaven some glorious day at His coming. He died, also, that by His stripes that we might be healed of our sickness. "He was wounded for our transgressions, He was bruised for our iniquity, the chastisement of our peace was upon Him, and with His stripes we were healed," saith the prophet.

32 Now, we pray, Thee, Heavenly Father to be merciful to us, and that we just have this one night of gathering here in this city. We pray that You'll bless those who has made this possible for the gathering. And also, those who have gathered with us to fellowship around the Word. And we pray, Father, that You'll bless every one that's in Divine Presence, also. And may it be a night to long be remembered. May it be a night like the apostolic gathering of days ago, when people gathered together, little groups.

33 One night while the Saint Paul was preaching way into the night, a young man, we're taught, fell from the upper story, and his life was taken from him. And Paul laid his body over the boy; God gave him back his life.

34 We're thankful to have the same Gospel tonight, to preach to the people. That God still lives and reigns. He heals the sick. He forgives all of our sins.

35 And Father, we pray tonight, that You'll bless us as a people. And now, Thou has said in Thy humble Word, this: "If you ask the Father anything in My name, I will do it." And we believe that what we ask we receive, because it's according to His Word.

36 And when we leave here tonight, in different groups, and going to our different homes, will You visit us in such a way, that we'll have a testimony in our heart, and our conversation, as we leave here, will be like those who came from Emmaus on the first resurrection, when they had met the resurrected Lord Jesus for the first time. They said, "Did not our hearts burn within us, when He talked to us by the way?" May You talk to every heart tonight, for we ask it in the name of Thy beloved Son, the Lord Jesus. Amen.

37 Opening to the Gospel of Saint Jude, in the Bible, which is only one book . . . one chapter. And in the 3rd verse of this chapter, I wish to read for just a little text to get a context from it, for what I'd like to speak on for the next few moments. Then we will pray for the sick.

*Beloved, . . . I gave all diligence to write unto you of the common salvation, it was needful for me to write unto you, and to exhort you that you should earnestly contend for the faith . . . once delivered unto the saints.*

38 May the Lord add His blessings to His Word. This was wrote some thirty-three years after the day of Pentecost, after the pouring out of the Holy Spirit on the early saints.

39 Jude calls himself a servant and brother to Jesus Christ. And He wrote this book to the church and told them that they should earnestly contend. The only place in the sacred writings that has ever told us to contend, because we're not supposed to have contentions among us, but to earnestly contend for a purpose of faith that was once delivered unto the saints. And we're not to contend, and we're not trying to contend. But we're wanting to face this.

40 If I should ask tonight, how many Methodists was in the crowd? How many Baptists was in the crowd? How many Nazarenes? Pilgrim Holiness? Catholic? There'd be hands go up, in even this little group of people here tonight. There would be many hands go up. And each one of us, in our different denominations, would want to

say, “Our church was contending for that faith that was once delivered to the saints.” I’d want to say it about the Baptist church. Someone else would want to say it about the Methodist church. Someone else about the Catholic church. And some other one about. . . . It would be that way in the little groups of people.

41 Now, I want to believe that we’re all contending for that faith. I believe that everyone is contending to the best of their knowledge, for the faith. But in this being, so many different denominations, there has got to be something right and something wrong. Now, that’s the way, I try to be, my brother, sister, that there’s. . . .

42 You never seen a man drunk and sober at the same time. You never seen a black, white bird. There’s no such a thing. And there’s no right and wrong mixed together. It’s either right or it’s wrong.

43 And that’s the way that I believe God. If I didn’t believe that He was the same God that lived in the days of Moses--He wasn’t the same God to fulfill every promise that He made--then I couldn’t have faith to accept Him.

44 Now, there’s only . . . that’s only sensible and reasonable to think that. . . . What good would it do us tonight. . . . You’re not here just to be seen. You wouldn’t come out in this rain and gather in a little place like this, just to be seen. You’re here for one purpose, that’s to find something good. And I pray that God will give each one of you something real good that you’ll never forget. And each one of you Christians, may He raise your joy to Him, to cause you to serve Him better than you’ve ever served Him in all your life.

45 Now what good would it do to serve a God that served Moses . . . a God that Moses served, if He wasn’t the same God today? What good would it do to serve a historical God, if He’s powerless and gone and dead today? I want to ask you that question.

46 You wouldn’t want to do it. Neither would I. If I can’t serve a God that’s living and right here present, to help me when I have need, then what’s the use of serving God? If He was a god, but He isn’t a God now, or if He was a God of power, and He’d lost His power now, there’s something weakening about that God. Isn’t that right?

47 Now, we want to reason it together. There’s something wrong if it isn’t. . . . If He was and He isn’t now, then there’s something wrong with God. If God was a great mighty warrior in battle and He was a great healer of diseases, and He was great in all of His attributes in

the days gone by, and then He lost all of His power, and He isn't the same today, yet, His Word says He is the same today, promised He would do the very same things, through all ages, until He come again. It's indisputable in the Bible.

48 Hebrews 13 ... 8:13 ... 13:8, rather, says that "Jesus Christ is the same yesterday, today, and forever." That's the same in principle, the same in power, the same in resurrection, the same omnipotence, the same in omnipresence, the same in all. He's just the same as He was. And everything that He once was, He is today. The Scripture says that's true. All things of Him is the same.

49 Now, so if we... Each want to believe that, but yet limit Him to a creed. Well, say, "I belong to the Baptist church." I say "Baptist," because that's the church I was ordained in. Well, the Baptist say, "Well, our creed is right." The Methodist wants their creed right. But if we limit God, that creed (I have nothing against it; that's all right.), but if we limit God to that creed, then we limit God. And we try to say that you can walk this far.

50 Maybe, we don't have the faith to walk where Enoch did, when he took a little walk with God one afternoon and went home with Him, without death. And also of Joshua, who marched around the walls of Jericho thirteen times and shouted real loud and the walls fell down.

51 We may not have the faith to shout down walls. We may not have faith to walk home with God, but let's not stand in somebody's way who does have that faith. If it doesn't agree with our creeds, and they have faith, let's move right on, and believe. Say, "The Lord bless you, my brother." And go right on. Regardless of what church he belongs to, that makes no difference, as long as he's a Christian and believer. And do you know, Christian friends, that's what the world is wanting to see today.

52 I landed in Bombay, India, where I had the largest crowd of five hundred thousand people. The largest crowd I ever preached to at one time in my life was in Bombay. When I met there, here come the bishop of the Methodist church, and many of the great churches, there come the archbishop, the Hindu, Hinduist church there, and many other of the great outstanding churches. They met me out there where thousands of people come to the airport. And when they come...

And they put me up to the Taj Hotel, and they met in a room similar to this, with all the celebrity of the city and the Rajas and everything.

53 And the bishop of the Methodist church, he said, “Brother Branham, we don’t accept you as a missionary,” he said, “because we don’t want to hear the word ‘missionary,’ said, “because you people in the West, with your western education, does not understand the Scripture in the light of an oriental book.” And that’s true.

54 With all of our theology, if you ever go to Jerusalem or to the eastern country where this Bible was written, it’s a brand new book to you. Our western ideas are far from the eastern ways. You can’t understand the parables, and so forth, the teaching, until you go there and see those same customs lived out today.

55 And many people would send... I have nothing against seminaries and students and monasteries and so forth, but all of that, you’ll never know God. It’s only knowing catechism and so forth like that. To know God is to know the person, Christ, Himself, and to know Him is life. Not to know your text book, or to know your creed, or to know your catechism, isn’t life. It’s to know Christ the person, is life eternal. And that’s what we wish to know.

56 Now this bishop said to me, he said, “Rev. Branham, of theology,” said, “we had the Bible a thousand-seven-hundred years before you was a nation.” That’s right. St. Thomas went down and... I stood in the church and preached were Saint Thomas, the original church, that he established in India, when he went down from Jerusalem to India, and established a church.

57 And he said, “We’ve had the Bible ever since then. And we’ve had Christianity since then, but,” said, “it’s at low-ebb in India.” And he said, “We have heard of Dr. Reedhead, the man that came to you.” (Which was the president of the great Sudan Missions--the greatest in the world--who came to me.) And he said, “Brother Branham,” said, “I’ve got enough degrees till I could plaster a wall with them, doctor of theology, bachelor’s degree, and all kinds of degrees.” Said, “I’ve studied since I was about eight years old. But,” he said, “Brother Branham, where is Christ in all of it?” He said, “Has the teachers been wrong?”

58 I said, “The teachers hasn’t been wrong, sir.” Said, “But what it is,” said, “you’ll never know Christ by theology. You’ll never know Christ by education. You’ve got to know Christ by a personal

experience to be born again of His Spirit that comes down and changes your life and makes you a new creature in Christ Jesus; that's what does the difference." That's what makes the difference of you. Now, that's the reason we have so many different denominations and theories. They're all alright.

59 But the real thing, Jesus Christ the Son of God, said in St. John, the Gospel of St. John the 4th chapter . . . or, the 3rd chapter (pardon me), to Nicodemus, "Except a man be born again of water and Spirit, he will in nowise enter into the kingdom." No matter what church you go to, that's Jesus Christ's own words.

60 Now *to be born* means "to be delivered from." Now, unless you are delivered by the Holy Spirit, in your life, to a new life in Christ, then our creeds and things are no good. But they're good, they're all right, they're moral teachings and so forth, which help us, but the real personal Christ Jesus. And that's what's made the meetings what it has been today, and swept around the world, is because by the grace of God, to introduce to the large or small crowds, a resurrected Lord Jesus, right now--present tense--in His same power that He ever was in. We don't have to guess at it.

61 He said, "Brother Branham, we have the Word. We have the Bible," the bishop said, in India. But said, "What we're interested in, is not your theology." Said, "What we're interested in, 'Has God visited you Yankees with a Spirit or a gift that can make this Bible live again?'" Said, "We know the Bible," and said. . . .

62 I said, "Well, you just admitted we didn't know it, but I don't know it too well, but I know the Author real well." And I said, "That's the main thing."

63 He said, "That's what we want to know. Have you faith enough in God to make these divine promises that He has made..." said, "have you faith enough to make them reality?"

I said, "By the grace of God, God will."

64 And that afternoon I was entertained by seventeen different religions that denied Christianity. Some of them worshipped gnats, and some of them, horses, and some, cattle; and some Buddha, and Mohammedans and so forth. And they all had their theologies, very good. Everything was works. Something that you have to do. Do *this*, do *that*. All in works, no grace to it at all.

Am I too loud for you? Is this a rebounding? I hope not.

65 But notice. That night in the prayer line, when the Lord Jesus came on the scene, there sat the Rajas on their pillows and so forth, and it was over two hours getting into the line up to where we could get in the speaker's stand. And when the Lord Jesus came up and told a man that was totally blind for twenty years, seeing the vision over him, and knowed was going to be healed, I challenged everyone of them to come heal the man. Of course, they sat still. But our Lord Jesus gave the man his sight. Thousands times thousands and thousands came to Christ at one time. There it is.

66 It isn't whether our creeds work, they'll work all right in moral life, but to reproduce the Lord Jesus and His promise is to know Him; not your creed.

67 Now quickly to our text. And I'll try to be just as quick an I possibly can and get the line started, because it's midweek, and you people work.

68 Now listen, close. The text says tonight:

*Beloved, ... I gave all diligence to write unto you of the common salvation,*

69 This is St. Jude now, writing to the church thirty-three years after Pentecost, and exhorting you that...

*... you should earnestly contend for the faith* [Not a faith, the faith.] *that was once delivered unto the saints.*

70 Now, each one of us in our churches, they're fine and I want you to be with your church and support your church and help it for the glory of God. But now let's go back and find out now, there has got be something... If He said, "Earnestly contend for the faith, that was once delivered to the saints," then there's surely some way of knowing what the faith was.

71 Now, let's go back in the Bible. I think that would be logical and proof enough to all of us, if we go back and see what the saints ... what kind of faith they had. And if we were exhorted to earnestly contend for this faith... We find out what kind of faith they had, then

we ought to contend for that faith. In other words, say, “This is right.” Now, we find out what it was.

72 Before they were ever called saints in the Bible, they were in the New Testament. John the Baptist come between the law and Christ, which was a gap, or the keystone, that locked the two dispensations together.

73 Now we’d have to begin with Christ, if we’re going to talk about Christian faith, because He is the beginning of Christian faith. John came--John the Baptist--preached in the wilderness of Judea, and he never done one miracle, never done any signs. But he just condemned the churches, and condemned the priests and the rabbis and so forth. And told them there was coming One.

74 And at the baptismal service when he was baptizing, he saw Jesus coming with a light following Him. And He said, “Behold, the Lamb of God that taketh away the sin of the world.”

75 And Jesus was baptized, the Holy Spirit came from out of heaven. And the voice from it, saying, “This is My beloved Son, in whom I am pleased to dwell.” The original translation says, “In whom I am pleased to dwell in.” Which God was in Christ reconciling the world to Himself. He was God in flesh.

76 Now, now let’s notice what kind of a life that He lived. And I want to ask you, something, you people, as we’re talking. What He was then, he should be. . . . If that’s the faith that He introduced to the world, that ought to be the faith that we should contend for tonight. Is that right? That’s right. It should be. All right.

77 Now, we notice as soon as He started off in His ministry, we’ll watch what kind of a ministry He had. We’ll start from the first chapter of St. Luke, quoting it by memory, you might read it when you wish to. Saint Luke the 1st chapter, it teaches that Jesus began to go about doing good for the people. He would pray for the sick and they’d be healed. Now, that’s one of the things that He did: pray for the sick. And one day, now listen close now, ‘cause if you do not listen close and catch every word, it’ll be a stumbling block to you, in the next twenty or thirty minutes when the prayer line starts, see.

78 Now listen close. The first thing we find Jesus doing, after He had chose two or three of His apostles, and one of them's name was Philip. And Philip was a good man, Saint Philip.

79 And when He seen and knew that that was the Messiah, because He saw Him praying for people and them getting well, he went over around about thirty miles, around behind the mountains there, of Judea, and he found his friend whose name was Nathanael. And Nathanael was under a tree, praying. And he said, "Come, see who I have found, Jesus of Nazareth, the son of Joseph."

And he said, "Could any good thing come out of Nazareth?" Nathanael said.

80 He said, "Come, see." Now I think that's the best answer that any person could give at any time, is: Before criticizing anything, come and see it first. Look at it yourself. Live in the light of the Bible, and see if it's right. No matter what it seems like and what others say, the religion of Jesus Christ has never been popular, and it never will be popular, because the world knows its own, see. And you're not of the world when you become a Christian, you are a different person from the world. We know that.

81 Jesus said, "I pray, Father, that they not be of the world." So, you're not of the world. The world. . . . The Bible said, "If you love the world, or the things of the world, the love of God is not even in you." That's the Scripture says that. So, you can't love two masters, Jesus said. You can't love God and mammon. The word *mammon*, translated means, "the world." And He said, "You'd either serve one and hate the other, or vice versa." Jesus said that in Saint Matthew the 5th chapter. Can't serve God and the world at the same time; you've got to be one or the other.

82 And God have mercy. That's what's the matter with our people today, that's called Christian in this nation. They're trying to live like the world, and profess to be Christians. And that's the reason, the unbeliever, outside, has such a hard time to make up his mind, is because he sees people that call themselves Christians, live no different from the rest of the world. That's pretty flat, but that's truth. We've got to face truth.

83 There's probably men and women sitting here I'll never see again till I see you at the judgment. And I've got to be truthful and honest, because I've got to face the judgment and meet my words again at the judgment, so I have to be truthful about it.

Now, we notice that Philip, as soon as he found Nathanael, he said, he said, "Come, see who I have found."

And Nathanael, being a righteous man, a good man, he said, "Could there be any good thing come out of Nazareth?"

84 Nazareth was a mean wicked city, very bad; outlaws, gangsters and so forth, raised up and had outlaw bands in those days, that come out of Nazareth, very vile city. He said, "Could anything good come out of Nazareth?"

He said, "Come and see."

85 Now, we might ask today, "Could anything good come out of the Methodist church? Could anything good come out of the Baptist church? Presbyterian, or whatever church it may be?" The first thing to do is come and see. Find out.

86 Now, examine it, not by your ritual, not by the catechism, not by one. . . . Examine it by the Word of God. For the Bible said that he that will take away or add to anything that's in this book, God will take his name out of the book of life. Revelations the 21st chapter says that He will do that . . . or, 22nd chapter, rather, of the last book of the Bible. He said, "If anybody. . . ." God Himself speaking to the writer, said, "if anyone shall add one word to this book, or take one word out of it, God will take His name from the book of life. And he will be destroyed." So, we must stay exactly with what the Scriptures has got to say.

87 Now, when he found Nathanael, and he said, "Come, see," so he followed him. Now, let's watch what kind of a man Jesus was. Now, if we wanted to find Jesus tonight, if we went. . . . If somebody told us Jesus Christ was in Georgetown, Indiana, and He was in human flesh like we are tonight, what type of a person would we want to find?

88 Now, this may be shocking. But would we come to find a man that would be dressed a little different from any other man? We wouldn't be looking for Jesus, or we wouldn't find Him, 'cause He dressed just like other men. There's no difference in His dress. Will we come to find men that was great forceful speakers? Great forceful speakers? No, the Bible said, "His voice should not even be heard in the street." Will we come to find a man that was a great boaster of his great church and so... No, sir. The Bible spoke very different of Him. Said, "He was a man of sorrow and acquainted with grief." He wasn't a great carry-on, or go-on, He was a humble man. And He was... Would we find Him among the rich people? He never dwelt with the rich people. Where would we find Him?

89 You'd find Him among the poor. He went down on the river and found fishermen. Think of the great Orthodox church, with all their great priests and high priests, and their great glamour and glory in that day, and not one time did any apostle or any man of God ever visit it or accept it. When God sent His Son, He sent Him away from it. And He turned and told them that they were in hypocrisy, and told them how bad they were, and everything. And they said that "He has a devil because He don't even believe in our church." See. And they were the church of the day. So, you see, you can't go by church; you've got to go by God. That's where you have ... and by Christ.

90 Now, when Nathanael came up in the road, now we'll see what he found. He found a man standing there, doing something contrary to what the church was teaching. The church taught that the days of miracles was past. But here was Jesus standing there, performing... [Break in tape.]

91 Anywhere in the building, I don't care where you're at, just raise up your hand say, "God, by this, I want You to heal me, God." That's right. Just about general everywhere. I will tell you what you do. I told you that Jesus Christ, the Son of God, is here in the form of the Spirit of God. Is that right? How many Christians believe that? Let's see your hands. That's fine. Then if He's here, and He's the same Lord Jesus, then He has got... He is duty bound to do the same thing. Is that right? Now, He said He couldn't heal. The Father showed Him, and He did what the Father said. Is that right?

92 Now, standing in the line, I do know this first lady standing here. And I don't know now whether I know anyone else or not. I've

seen that lady, about second, or third, from the back, there. I've seen her, but I don't know what her name is; but I've seen her. I guess that's about the only one that I know of. That's about the only one's that I know. All right.

93 Now, let's just bow our heads a moment for prayer. Now, Heavenly Father, this is the moment. I have spoke the best of my knowledge of You. Now, dear Lord Jesus, I pray that You'll help me. Thou knowest that I know nothing about these people. Sometimes I know who they are. I don't know their troubles. Thou knowest, You can say anything you wish, and I humble myself and submit myself to Thee, that the great Holy Spirit will come tonight and take this poor unworthy man for the glory of God, and anoint.... And don't let me speak my own lips, but let the Holy Spirit speak, and do the works that Jesus Christ the Son of God said, that He would do through His people, through every age. I pray this blessing in Jesus Christ's name. Amen.

94 Now, I'm going to ask you one thing. If you'll stand reverently, and be humble, don't doubt, and believe with all your heart, then the Lord God of heaven will no doubt heal your body and make you well.

95 Now, it's your faith. It's not.... See? Now this is it. Now, here stands a lady. I believe I know who the woman is I'm not sure. But I believe that I know who she is. Is that right? Don't I know you, lady? I believe I know who you are. That's it. All right.

96 Now, if you'd come here just a minute. Now, as knowing your name.... Not knowing... is your name Setus or something like that? [Lady says, "No, my sister's name.] Oh, that's your sis.... [Lady says, "You knew me when I was Wilson."] You were, I believe.... Didn't I know you when I used to work for the Public Service Company, or something? ["Yes."] That's right. I seen your face somewhere. I knowed it. I thought your name was Setus, but Setus is your sister. Is that right? And your name is Wilson. Yes, ma'am.

97 Well, I'm glad to see you again, sister. Now, the Lord bless you. Now, as your brother in Christ, you know that I don't know what you're here, do I? I don't know. No, ma'am, it's a mystery to me, that I do not know. Now, if the Lord Jesus will let me know what you are here for, and what you want of Him, if He will make Himself so positive that He will declare what you want, then will you accept it as coming from Him? ["Yes."] You will? All right.

98 Now, the audience is catching her voice, and you see the recorders going, that's the way. Now, you watch. Now, if He speaks anything to tell this woman, what she's here for, would not it be the same Spirit that spoke to the woman at the well, that knowed where her trouble was? Would that be right? Then her faith in what is being done, will determine her healing.

99 Now, to you in the audience that doesn't have prayer cards, believes with all your heart that Jesus Christ is here to heal you, if you'll believe with all your heart, you won't have to be in this prayer line. You certainly won't. The only thing you'll have to do is have faith in God.

100 Now, I would ask you, being that there is epilepsy present. . . . And anybody that has been in the meetings knows what epilepsy does; it sometimes carries on. So now, just be reverent. Just sit still. No matter what takes place, you sit still, see. And just believe in the Lord Jesus and pray. Ask the Heavenly Father to be kind, but, now, if you are an unbeliever, I would not stay, see. So now, this is not playing church. This is facts. We're facing things. If I just only had a few moments longer or another night, that I could explain to you what these things are, that you could see what they really are by scriptural terms. They've give medical names for what they really are in the sight of the Bible.

101 Now, the sister here, that's standing before me. . . . Now, it's not a telepathy, no, sir. I see her. . . . Now, you couldn't hide your life now if you had to, see. His Spirit is here now.

102 How many ever seen the picture of it? Where they took it? And it's in Washington, DC, the only supernatural Being was ever photographed can be proved, in the world. They have fiction stories of man in a bush, and all like that, but it has always proved out wrong, see. But they took this, and many of you here was present when it was taken.

103 A few weeks ago, the German camera took it, in Germany, three different times. And it's that that you seen in the picture, is right here now at the platform. Exactly right.

104 Now, be reverent, don't move around. Keep your children near you and be in prayer, and see what the Holy Spirit will do for us tonight.

105 And I pray that God will bless you. And sometime on earth, we will meet again. Pray for me, as we go into the fields after this service, into the fields out yonder, in the big meetings to pray for the sick.

Now be reverent, every one, please, because we're in the presence of the Almighty God.

106 The Holy Spirit which is now near, Mrs.... What was your name now? Wilson! ["Cobb, now."] Mrs. Cobb. Mrs. Cobb, if the Holy Spirit is present now, He will make known to me something of your life, that might give you encouragement to bring you up to a place to let you believe in the Lord Jesus for your healing or.... I don't know what you're here for. It maybe financial troubles, it may be domestic. I do not know. But He knows, doesn't He? ["Yes, He does."] I see the one thing that you're here for is because you're suffering with a nervous condition. You're very nervous, upset. Another thing you have an asthmatic cough that's bothering you. Isn't that right? ["Yes."] That's right. All right.

107 Now, do you believe that everything is all right with you now? You're healed now. You can go home. ["Praise the Lord."] Jesus Christ, your faith, has made you well. You go and be in prayer.

108 Kind Heavenly Father, in the name of the Lord Jesus Christ, we bless this, our dear sister, and ask that You be kind to her, in Jesus' name. Amen.

109 Come, sir. How do you do, sir? Do you believe in the Lord Jesus Christ being the Son of the living God? ["Yes, sir. I do."] Do you believe that He is here to make you well? ["Yes, I think I do. I know it."] You know that He is here to make you well?

110 Was that the lady that was just prayed for? Was you the lady there? Uh-huh! You got trouble with your side, sitting there by her, don't you, sir? You believe that God can make you well and heal you? When she passed by you just then, you had a strange feeling, didn't you? That was the Holy Spirit. You had trouble with your side. Now, it's gone from you now, sir. Your faith has healed you. Is that right? Raise your hand. That's right, that's right. All right, sir.

111 I don't know the man, I've never seen him in my life. But Jesus Christ has healed him; just the same as his faith touched the Lord Jesus in days gone by--the woman with the blood issue--so did the man's faith touch just then.

112 You don't have to... What do you think, little lady standing there in the prayer line, with the coat over your shoulder? ["Oh, it's truth. What you said is truth, I believe every word of it."] God bless you.

113 The lady behind you there with her hand up like this. Uh-huh! You'd like to have an operation wouldn't you? You think that tumor, God could take it from you without an operation? You believe God would heal you? You have a tumor, don't you? And, yeah, that's right. You believe that God will heal you without an operation? You do? Will you accept Jesus right now as your healer? You will?

114 Kind Heavenly Father, the woman's faith struck up here, and I saw the vision before, and the doctor rolling out that place for her operation. I pray, Heavenly Father, that in Jesus Christ's name that You'll heal the woman without an operation. For Your glory. Amen.

You may take your seat now. You won't have to come in the prayer line. Your faith heals you. Amen. God bless you.

Do you believe the Lord Jesus? If you can believe, all things are possible.

115 Lady, standing, you broke your arm, got your arm hurt there, haven't you, lady? Uh-huh. You're from Corydon, aren't you? Got someone with you, come along, didn't they? She is suffering with a nervous condition, isn't that right? If it is, raise up your hand. All right. Now you can walk out and go back, be healed, too, lady. Amen.

It's your faith. It isn't... Now, that's what I'm speaking of, the Holy Spirit.

116 Sir? Would you believe your heart trouble had left you and you was going to be well? ["Yeah, I believe it has."] You do? All right, sir. Then you can leave. Amen.

Let us say, "Praise be to God." All of us praise.

117 The lady coming. How do you do? I suppose we're strangers to each other. Are we, lady? I never seen you in my life. I'm perfect stranger to you. Just like the our Master who stood at the well, and talked to the woman. And He said, "Bring Me a drink." He wanted to catch a conversation with her.

118 Now this being our first time to ever meet in life, it's a man and a woman again; isn't that right? Well, then if Jesus Christ has risen from the dead, and He promised that He would be with us, in us, to the end of the world, and we'd do the same things that He did, it'd have to be the same kind of a thing. Then, if Jesus stood here and He was wearing this suit that He gave me, the only thing He could do as far. . . . If you're sick and need healing, He would tell you, "I did that at Calvary, child." Would you believe it?

119 Now, but now, He could tell you, something, maybe, that's wrong with you, or something the reason you don't get healed; but me being a stranger to you, it'd just be the same. Isn't that right?

120 Now, everyone, real reverent now. Remember, you're in the presence of the Lord. And the very Gospel that I've read to you, tonight, you see it living anew, see. I've never seen the woman. I don't know nothing about her, never seen her in my life. God knows her. I don't. But now, I would speak to her to contact her soul. The anointing that's here with me now is that Angel of the Lord, the pillar of fire, followed the children of Israel, which was Christ in spirit form, came down, and was made flesh, went back to the Father, came back again to live in His church, the same thing. It's not me, it's Him. I don't know the woman, know nothing of her. Got a seventh grade education.

121 Look at the people who say. . . . Well, out there in the audience, they're being healed, they're sitting in the audience, standing wherever they may. God is here to heal, that's all, if you can believe.

122 I see a child that's suffering. But I can't say, "It's healed." I don't know you. If you'll keep praying, mother, believing with all your heart.

123 Now, to you again, sister, to speak with you. Now, there has been a hunger in your heart for a long time. That hunger is a closer life with God. You've tried that, much. Try and fail, try and fail. Isn't that right? Ups and downs in life.

124 Here some time ago, you were praying somewhere, because you were facing a serious thing like an operation or something. Yes, it is. I see it, a doctor, he has examined. . . . You have something on . . . it's your leg. It's on your right leg. Is a trouble that you're going to be operated on. You made a promise if God would let you get well, that you'd serve Him, and walk a closer life. I am not reading your mind.

That's true, isn't it? [Lady says, "partly."] If that's true, raise your hand.

125 Now, there's something here that you know. I want to ask you something. In the presence where we're standing now, and so the audience might know, there's a feeling that you have now, that you've never had before in your life. ["No, sir, and I can't explain it to nobody."] That's right. It's because that light, the Holy Spirit is between you and I, and you just go back, even to a little girl... ["Standing in the line, I felt like I just... I could feel a feeling, I can't explain to nobody."] They're feeling the same thing, right along the line there now, see. It's in the presence of something that the world doesn't know.

126 Come here, that I might ask God to bless you, sister. All of you, do you believe with all of your heart now? Do you? Are you believing? If you do, say "Amen."

127 Kind Heavenly Father, this our dear sister stands here in need. All things work together for good to them who love You. And she's standing needy. And she wants to be well. And this is the time. I pray that just this moment, Father, that You'll take away all of her infirmities, cleanse her from everything that's not like You. And I ask, dear God, that You'll forgive her of every sin and trespass and take her into Your kingdom tonight, as a new born babe and heal her body through Jesus Christ's name, Thy beloved Son, I ask it. Amen.

God bless you, sister. Go rejoicing and happy. God being with you.

128 How do you do, lady? I suppose we're strangers to each other, too, not knowing each other. But if Jesus has risen from the dead, as I say that He has, and I believe that He has, and He'd be standing here with us, you and I, then me talking to you, like He did the woman at the well, and He is able, and by His Word, He promised that He would reveal these things, and we'd do the same things He did, because He would be... He said, "I will be with you, in you, to the end of the world."

129 Now, don't be shook up because you feel a little strange, but a glorious feeling. But you're just not... That's not your brother. That's Him, your Lord. Not me, Him. Now, the lady is a stranger. Be real reverent, people, real reverent, please, see. I don't know her.

God does know her. I don't know the people, but you'll know that there's something here that's doing the work of the Lord, according to the way the Bible said it would be. You believe that now? See?

130 Well, what is it? It's the Lord Jesus, see. Now, I just want to speak to her again, because I see the woman now as she moves from me. Yes, the woman is very much tore up about. . . . Only she's had a nervous breakdown, been very bad, and had a breakdown. You're still suffering from it. That's the truth, isn't it? [Lady says, "Yes."] If it's truth, raise your hand.

131 You've had real funny feelings go through you all the time, and especially real late of an evening, you get real strange feelings. Isn't that right? Then, I see you, you was sitting down in a chair, kind of late of an evening, too, you get tired, you can't do your work. Isn't that right? Causes even stomach condition, in you, like that, acids and things when you drink coffee, or something another on that like, you belch up acids, out of your stomach, and so forth. That's right. I see you moving away from the table where there's stuff like that on, by a window, near a window. Is that true? Raise your hand if that's true.

132 Now, Something here knows your life, isn't it? I told you out of the Bible, that Jesus Christ did the same thing and promised that we'd do the same thing. Do you believe that it's Him? I see a real dark shadow following you, too, which is the devil. And he has almost tempted you to suicide, sometime, telling you that you had crossed the separating line, that you wasn't never going to be saved. Is that right? Is that? ["Yes."]

133 Do you believe out there in the audience now with all your heart? See? It's perfect. It's true. It's the Lord Jesus. I don't know your opinion. I know some of you are wondering, because you can't hide your life now, see. You know. . . . I couldn't do nothing for you, but you couldn't hide your life if you had to right now. You're in the presence of Him.

134 Now, sister, if I can, by the grace of God can make it leave you now, and if. . . . You've been wondering for a time of relief anyhow. Now, He will do it if you'll believe Him. Will you believe Him? [Lady says, "Yes."] I will have the prayer, you believe Him.

135 Now, look. You probably never was any closer in your life than you are now. So that the audience will know, and your friend, where you're standing now, a real humble sweet feeling is around you. Isn't

that right? Like something near. Not your brother, but something supernatural. If that's right, raise your hand, see. It's the Angel of the Lord, see. I am living now in another dimension, see: in a Spirit world. Now, I want to pray for you, while this anointing. . . .

136 Now the very thing that knows your life, I see it go way back to a little girl. I see you as a little girl. You were running from something. It was something chasing you. It was a dog. It seemed like you was coming from school, or something; way, long ago--scared you. You've been nervous-like all your life. That is true, isn't it? See? There's just . . . the more I talk to you the more the vision will show. Now, for the sake of these others, let us pray.

137 Dear God, Author of life, Lord Jesus, who will judge us all at Your coming, knowing that we are eternity bound people, and will have to meet You some day. Standing here in Your presence, and knowing that right now, here at the platform is the Spirit that raised Jesus Christ from the dead, and confirming every word.

138 Father, Thou art so lovely because You make manifest those things that are true. You speak of truth. And the lady stands here, which she is tormented by an evil spirit that's trying to get her to commit suicide and do things wrong. But Thou art here to remove this, Father. And I pray, according to Thy Word, which said, "You ask the Father anything in My name, I will do it." And I know that Your Word is truth.

139 So, Satan, you evil one that has tormented our sister, I adjure thee in the name of Jesus Christ, the living God, come out from the woman.

140 Now, look at this way. Now something has happened to you. You're weeping. You don't feel like you did, do you? You feel happy now. Feel good, is that right? Raise up your hand, here at the people, so. . . . You believe you're going to be well, and go home and serve the Lord? All right. Now run along and just be real happy. It won't come to you no more.

Let us say, "Thanks be to God," as we. . . .

All right, would you come? Sister, being a stranger to you, that the people might not think now that. . . .

141 You know what a telepathy is; that's what's on somebody's mind. I can't pick it out, and when it does, I'm going to call who you are. So, you're in there; it keeps coming to the platform to me. And I think it's a clergymen, 'cause I seen the platform before me.

142 I just want you to put your hand on mine, sister, as a way of contact. I don't know you. I've never seen you, and I'm not looking at you. I look out here into the audience. If Almighty God will reveal to me by a vision, as I look this way, what your trouble is, would you admit and tell the truth, whether it is right or not? If you will, raise up your hand. Now, may the Lord Jesus grant it as I pray. If you'll lay your hand back on mine, just the way, that a point of contact. The Bible said, "Laying hands on the sick."

143 Yes, sister, you have a female trouble; it's a ladies' trouble. If that's right, raise up your hand. Now do you believe it's mental telepathy? That takes place, she was in a bathroom, which it wouldn't be right to tell a mixed audience like this, the lady knows what; it's a drainage. That's right, isn't it, lady? That's right, see. That's true.

144 Now, only God can heal her. I can't heal her. Certainly not. I'm not a healer, I'm His servant, just a vessel where the Holy Spirit come....

145 Like this right here, this is a speaker. This is a not a speaker; this is a pulpit. This is a speaker. Some man made this a speaker. Some man made this a pulpit. Some man made you a preacher, some.... I mean, the Lord; I don't mean....

146 Excuse me, my brothers. I didn't mean some man made you a preacher. I didn't mean that in that manner. I was saying "man," this is kind of.... You're working in two worlds. You're here, and you're in another world, when that goes out, then you go in and you see what's standing near at the platform here, angels of God, and everything. And you see hideous things that takes place. Then you're wondering sometimes, and that's the reason I said when God calls you and made you a minister, God called me and made me a seer, as He promised in the Bible.

147 The Bible said, "Your...." In the Bible, said in Acts the 2nd chapter, "In the last days," that's these days, "it'll come to pass that I will pour out My Spirit upon all flesh, and your young men shall see visions." Is that right? Prophecy, is that right? Prophets will be

raised in the last days and show visions and signs. Is that what the Bible says? Well, that's just what He said.

Now, sister, go believing, having faith. Believe with all your heart, and God will heal you. Do you believe it?

148 Kind Heavenly Father, in the name of Thy beloved Son, the Lord Jesus, knowing that this woman is near the line, and the shadow right behind her, called cancer. And we pray Heavenly Father, that You'll grant her healing tonight. And I condemn this enemy, upon the confession of her faith and the Word of the Lord God. I condemn this devil that's bothering her in the name of Jesus Christ. Amen.

Go happy, sister. Don't be bothered. Just believe with all your heart.

149 You want to be healed, do you, sister? Would you believe me as His prophet? If I would tell you where your trouble is and what's wrong with you, and what to do, would you believe it? You would. You'd have to know that some way's come. It's in your back, isn't it? That's right. Now, you believe that God will make you well? You're all nervous, too, and got complications, and things. And a lot of things you believe you have, but you don't because, it's your nerves; see, that does that. Sometimes when you lay down, you feel like your heart is bad, but that's nothing but just your stomach; it's a little peptic ulcer in your stomach, which causes gas pressed upon your heart. It's not going to hurt you. You're going to be well. You're a fine woman. Your faith has healed you. Do you believe me? Then go on your road rejoicing, and thanking God.

Let's say, "Thanks be to God," everybody.

150 Sister, of course, you knowing that only one thing can heal you. That's God. God is the only One who can heal cancer, and make well. But He can do it, if you can believe. Do you do it? With all your heart?

151 Kind Heavenly Father, in whom we believe, I pray, dear God, that Your omnipotent Spirit will touch this woman, and will make her well. As You have said in Your Word, "These signs shall follow them that believe." The last thing You said, Jesus, when You left Your church, You said, "Go into all the world and preach the Gospel. He that believeth and is baptized shall be saved. And he that believeth not shall be damned, and these signs shall follow them that believe.

In My name they shall cast out evil spirits, lay their hands on the sick and they shall recover.” Lord, You’re true to Your Word. And upon the commission of the Lord Jesus, upon His omnipotent Word, I now ask that this evil leave . . . sister, in Jesus Christ’s name. Amen.

Now, go happy and rejoicing, and be made well. Amen.

152 All you audience, you’ll never. . . . Wish you could. . . . You may think I’m beside myself, but I’m not. No, sir. I’m not. But I say this in the name of the Lord, that Jesus Christ, the resurrected Son of God, is alive tonight, and is here in this auditorium right now, showing the things that His Word said that He would do. Isn’t He wonderful? So wonderful. Oh, how good!

153 I was looking at a lady, but I believe it’s the lady behind her, that’s got a gall bladder trouble sitting back there that would like to be healed. You believe that God would heal you, sister? Sitting there, right behind the lady, kind of heavy-set lady, looking at me. Do you believe? Right back behind the lady, you was sitting there praying, wasn’t you? Huh? No, the lady sitting right here, that’s right. If you could see, if you could only see. How many seen the picture of the Angel of the Lord? Here it hangs right here, over this woman, right here. She’s suffering with something wrong in the gall that’s in the . . . right under the side here that causes the trouble. And she was sitting there praying and asking that God would make her well. Sister, you won’t have to worry no more. Christ has made you well. Amen. We thank the Lord.

154 What do you think, sister? We’re strangers to one another. Are we? We don’t know each other. Jesus Christ knows us, doesn’t He? If God will reveal to me where your trouble is, or something about you, that you know I do not know, will you accept Him as your healer? I’m your brother. I couldn’t heal you. I’m just a man, like your father, or husband, brother, or so forth. I’m no healer. But you know that you’re standing in His presence, or something that you. . . . You know that there’s something near besides man. Isn’t that right?

155 Now to your friends, out there, and to a witness of the Lord Jesus, that they might know, and so that the audience will be sure, because after this night, there’ll be many stand in judgment, see. That they might know.

156 I just want to say something. Just. . . . Since you have come up here, even now, that there’s a real loving, humble, sweet feeling

around you. If that's right, raise your hand, and I've never seen you in my life. Now to the people who know her, you couldn't stand this close without knowing it, recognizing it. He's here. That's the Holy Spirit. See, it has such an effect upon the human. It's got to be something. . . . For instance, if you see something through the eye, it'll have an emotional effect to you. And if there's a sense of feeling, and if something affects that feeling, it brings emotion, you see. You have to. See, it has to react, and you're in His presence.

157 Now, if God will tell me what your trouble is, will you accept Him as your healer then for it? Your trouble is a ladies' trouble, female disorder. That's right. You have pain low in the side. Isn't that right? ["That's right."] It's a tube, and it's infected. You have an abscess on it, and it's causing you trouble. Sometimes it's worse than ever. I see you, days, when you hold yourself, and just walk, just almost putting your teeth together. That's just been recently. Is that right? You don't believe I'm reading your mind, do you, sister? You're a believer.

158 Now Jesus said, "These signs shall follow them that believe. If they lay their hands on the sick, they shall recover." Now the Bible said these things would take place. And you're right now. . . . Look. First, the Word, God's Word, said that these things would place. Here you walk up to me a stranger, never seen me. And as soon as you move up here. . . . You walk in front of men all the time, ministers. But never felt like this in your life, see. Then here comes something down, this lovely person that's here with us now, tells you where your trouble is and what you've been doing. Then you know it has got to be some supernatural, hasn't it? Then you believe that I am a believer? Then if I lay hands on you and ask for your healing, it'll have to get well, won't it? Then you come forward if you will. May I just put my hand on yours. And shall we pray as we bow our heads?

159 Our Dear Heavenly Father, knowing that Your presence is here and You're omnipotent, You're omnipresent. And I pray through Jesus, the Son of God, that You'll heal our sister. And she's standing here in Your presence now. And You're anointing. And I ask that You take away the evil from her body. Now, we know that it would take her life, and send her to a premature grave. But You're here to remove it.

160 And, Father, we pray that You'll do it. And we know that we have what we ask for, for You're here, to witness to us that You are resurrected from the dead. And You know this woman. You've knowed her since she come on earth. And You're here revealing to her the things that she has done in her life and what's wrong with her. And now, upon the authority of God's Word, I come to challenge the enemy in her body--Thy enemy, called the devil. I come claiming a gift that was ministered to me by an Angel, that, Satan, you're aware of; and I adjure thee by the living God, Jesus Christ the Son of God, that you come out of the woman, and don't torment her anymore. Amen.

161 God bless you, sister. You go believing with all your heart, you'll get well. Write me your testimony, tell me what happened up here, when you come.

162 Would like to be over that heart trouble, sir? Be well? Go off the platform, say, "Thank You, Lord Jesus for healing me." You'll get well. Amen. Believe now with all your heart.

163 I want to ask you something: When I said "heart trouble" to him, something happened to you, wasn't it? Because that's what you had too. ["Right."] When you were standing down there in the audience, a few minutes ago, you said, "Yes, I believe." And since that very time, there's been a difference in you, hasn't there? That's right. ["I was.... I was thinking, I was believing what you were saying to that man."] That's right, exactly. ["And mine is heart trouble, I wasn't thinking of myself."] I know, but when you heard me say that to that man, well, I said, then something you felt, wonderful, didn't you? Now, that's what come to you to bring your healing. Do you believe it with all your heart? ["I do believe, with all my heart, I do."] Come then.

164 Kind Heavenly Father, I pray that in Jesus name, that You'll make manifest Your love to this woman, and will heal her and make her completely whole, as I lay hands on her, in Jesus Christ's name. Amen.

165 Now, I wonder out here how many believes now with all your heart? Do you believe? Raise your hand. Is there a person in here that's not a Christian before we pray for anymore sick? That say, "I now accept Jesus as my Saviour. I've been a little afraid in my life."

166 God bless you, young man, sitting up there. God bless you, lady, standing with the baby. Would some one else raise your hand say, "I now accept Jesus Christ as my Saviour."

167 God bless you, sister. You remember, you'll never, probably till you get to heaven, be anymore in His presence than you are right here, watching Him moving with the people.

Would someone else, while we bow we heads just a moment?

168 Heavenly Father, You want people to believe on You. You want people to love You. Four or five has raised their hands, that they want to accept You as their personal Saviour. I pray, Father, that You'll deal just now, and let men and women who have never yet come to You, or maybe, got away from You, and away from church, and away from worship, and they want to come back to You, and they know that You're here, and they know that it's You that's speaking to them, just now. I pray that they'll humbly raise their hands to You, knowing that some day they've got to meet You, and maybe, before this year is out, or maybe before this week is finished, they may come to meet You. And they want to come in peace, knowing that their sins are forgiven.

169 And Father, I give them by Your Word the promise, that You said, "He that heareth My words, and believeth on Him that sent Me has everlasting life, and shall never come to condemnation, but has passed from death unto life."

170 While we have our heads bowed, and the music is playing, I wonder, Christian friend . . . or, sinner friend, is there another one in here, not to me, your brother; but knowing that the Lord Jesus is near, would you raise your hand with your heads bowed; no one look, please. Just raise. . . . Just raise your hand to God, and say, "By this hand up, I now want to accept Jesus as my Saviour, while He's this close to me. I want to accept Him as my Saviour." Would you raise your hand?

171 God bless you. You. You down there young lady. You little boy. You, lady. And you. That's good. God bless you. The Lord Jesus be merciful to you, everyone. Is there some here that used to go to church, and take part in some church somewhere, and you just got away from church. You don't go to church anymore. I don't care what church it is. That doesn't matter. But you want to go back to your church, and take up your fellowship again with the children of

God, and you want to be remembered in prayer that God will let you go back. Raise your hand, will you do it? God bless you. Oh, my! There are a dozen hands, I guess, up. Now that's wonderful. Do that, will you? Our brother, pastor, will call you up to the altar after a bit--Brother Junior Jackson--for this altar call just in a few moments. But I want to ask you a question.

172 Are you believing now that the Lord Jesus is here and you would like to be healed? Will you raise your hands? Just raise your hands if you want to be healed. God bless you. God bless you.

173 Now with your heads bowed, I see a lady sitting right here, just a moment. Yes, she has a female disorder, sitting right out here with her hand up towards her head. God bless you, sister. Your hand went up a few minutes ago. You don't have to worry no more. God heals you. You're faith. . . .

174 Brother, you sitting back there looking towards me, with a shaking kind of a palsy, you have a prostate trouble; you have to get up at nights, don't you? Right, yes, sir. And now, you believe that Jesus Christ makes you well? If you do, all right, then you can have your healing. God bless you, that's fine.

Now, be real reverent, everyone.

175 Up in the balcony, here over on my right, someone over there, say, "Lord God, I believe You with all my heart. I want to be remembered in a word of prayer, just now." Would you raise your hand, no matter where you're from. God bless you, son. God bless you, sister. God bless you. God bless you.

176 I see a waters flow, it's a missionary sitting here, praying, too. May the Lord God bless you, my sister, and give you the desire of your heart, also. The Lord be with you.

Say, "How do you know that, Brother Branham?" I don't have to say it. Here it is, the Angel of the Lord is present.

177 Now you. . . . I'm going to ask you to do something. You that's sitting next to somebody to you, that's sick, would you lay your hands over on them, just a moment for a word of prayer? Lay your hands over on each other, for a word of prayer. That's right. God will hear your prayer, too. He loves you. He's here, and He wants to make you well.

178 Our Heavenly Father, I bring this audience to You, just now, knowing that You're here, never failed on a one. You never fail, Lord. You're God and You can't fail. And Your attitude towards this ten or fifteen people that come across the platform tonight, is Your attitude towards each and every one. Several out there in the audience--maybe eight or ten out in the audience there--that You've showed visions over, tell them what their diseases was and what they were. Why, You're the Lord Jesus. You know all of them. And You can reveal to Your humble servants, that which is necessary.

179 And I pray, Heavenly Father, just now, that You see them as they are now. . . . And I pray that on Your great heart, which I know is far beyond what human compassion would be. But You look at them, and see their need, and heal everyone. Lord, You know their condition, and I pray through Jesus' name, that right now, that You will heal them. And the enemy, the devil, that's bound them, and the unbelief that's bound them to circumstances. I adjure thee, enemy of Jesus Christ, that you come out of the people, and leave them, through Jesus Christ's name.

180 Now with your heads bowed, believing with all your heart that Jesus Christ, the Son of God, is here, and making you well, that you're sitting in His presence and you believe. As you believe with all your heart, and believe that you can accept your healing, with your heads bowed, raise your hands. You feel you can accept your healing, that you're healed. God bless you, that's wonderful. The entire audience and everyone, I believe, that raised their hands, is now accepting their healing. The Lord bless you while we bow our heads again for a word of prayer, from Brother Junior Jackson, with your heads bowed.

All right, Brother Jackson. The Lord bless. . . .
